Embrace a supportive business school experience.

If there is one universal truth about career journeys, it's that no one can go it alone.

The Graduate School of Management at Marquette is committed to supporting our students personally, intellectually and professionally. The [business faculty](#) take pride in their accessibility for individual consultation on course content and for professional mentorship. The [Marquette Business Career Center](#) connects all current students and alumni to networking opportunities, resume review services, career counseling, interview preparation, virtual job boards and more. And throughout the entirety of your time in the program, you'll have the always-available support of a dedicated student success coordinator.

Choose an online master's degree program that stands by your side as you advance, grow and excel.

Thrive in any industry.

Every organization needs leaders, regardless of its location, size or industry.

The online MiM program offers training in human capital management and team leadership that is applicable in any business situation. Graduates of this program can reap its benefits in settings as diverse as an HR function at a large corporation, people management at a small business such as a restaurant or a dentist's office, or team leadership at a growing startup venture. Wherever you work, you will step into leadership with the confidence and principled mindset of a Marquette graduate.

Choose Marquette, and become the driving force behind the success of a diverse group of motivated professionals.

Step up to success at Marquette.
