

IS YOUR TECH READY FOR LAUNCH?

Check these items off your to-do list now,
so you are clear for takeoff when classes begin?

CHECK YOUR COMPUTER REQUIREMENTS:

- You will need access to a computer that meets at [least the basic computer specifications for D2L \(Desire2Learn\)](#).
- It is also a good idea to download [Acrobat Reader](#), [Microsoft Office 365](#), and [Zoom](#).
 - Students can download Office 365 for free here:
<https://www.microsoft.com/en-us/education/products/office>

CHECK YOUR INTERNET SPEED AND BROWSER:

- For an optimal experience that offers better performance, accessibility, and security, D2L recommends that all users access Brightspace Learning Environment with the latest version of a supported browser:
 - Chrome 85 (released Aug 2020)
 - Safari 13 (released in September 2019)
 - Mobile Safari 12 (released in October 2018)
 - Firefox 80 (released August 2020)
 - Chromium-based Microsoft Edge 85 (released August 2020)
 - All versions of Microsoft Edge Legacy in preparation for Microsoft's end of support in March 2021

BOOKMARK RESOURCES:

- D2L is the official Learning Management System for your online program. To prepare for your courses, bookmark the following websites:
 - [How to use D2L / Remote Learning for Students](#)
