ONLINE MS IN COMPUTER AND INFORMATION SCIENCE

Earn a Top 18 Online Master's in Information Tech[1]

All applicants must hold an undergraduate bachelor's degree from an accredited institution or equivalent foreign degree. During the application process, you will need to submit the following materials.

☐ Completed online application form

☐ $50 application fee

- Waiver is available if applicant attends an information session or is a Marquette University alumni member

☐ Current and previous transcripts from colleges and universities attended (excluding Marquette)

- Unofficial transcripts may be submitted with your application; once admitted, final official transcripts from past academic institutions will be required prior to registration

- If you have significant work experience and your GPA is less than 3.0, you will be considered based on your academic performance combined with references relevant to successful work experience

☐ Statement of purpose outlining relevant work experience or education, career goals, possible areas of interest, and reasons for seeking admission to this program

- Showcase computer course work including software development, data structures and algorithms, or equivalent experience

- If you do not have relevant course work reported on transcripts, please explain alternative experiences when applying, or apply to the COSMIC path

☐ Three letters of recommendation from those familiar with your abilities, academic work or professional background

☐ International applicants only: official TOEFL score report (minimum 80 on the Internet-based version) or other acceptable proof of English proficiency
